Brand Guidelines

Northstar Health | 2026-05-05

Brand Strategy

Purpose: Why the brand exists: Make preventive care accessible through simple, human-centered digital services.

Vision: Desired future state: Build the most trusted preventive health brand for busy urban professionals.

Mission: Make preventive care accessible through simple, human-centered digital services.

Core Values: trust, quality, simplicity

Brand Identity

Logo Guidelines: Use the logo consistently on light and dark backgrounds. Maintain clear space, avoid distortion, and keep a monochrome version available for restricted print use.

Color Palette: #2563EB, #16A34A, #0F766E, #14B8A6, #E0F2FE, #F8FAFC, Preference note: calm green and soft blue

Typography: Headings: clean sans-serif, Body: highly readable sans-serif, Preference note: clean modern sans serif

Imagery Style: clean, bright, and human-centered

Brand Communication

Voice: reassuring, expert, calm

Tone: professional

Tagline: Care that fits your life.

Brand Application

Website: Use the brand palette, type hierarchy, and logo clear space rules on the homepage and product pages.

Social Media: Keep captions, cover images, and story assets consistent with the selected tone and color system.

Marketing Materials: Apply the same visual identity to brochures, pitch decks, ads, and email headers.

Presentation: Use branded title slides, section dividers, and icon styling.
